Customer Lett

Customizatio

1 year Warranty on all styles. Items returned beyond 1 year will be evaluated and charged accordingly. We are not responsible for shipping charges related to returns.

We suggest a weight limit of 300 lbs on all our chairs. We are not responsible for accidents.

To the owners of solid wood furniture, to keep your furniture from cracking or the joints from pulling apart, you must maintain between forty and forty-five percent humidity three hundred sixty-five days a year. This will minimize damage whether in your house, garage, basement or in storage. Humidity gauges can be purchased at your local hardware store. Also, never set your furniture close to a heat register or in direct sunlight.

Prices are subject to change without notice. Although Brookside Home Furnishings makes every reasonable effort to ensure the accuracy of the information printed in this catalogue, Brookside is not responsible for omissions, typographical errors, or any misstatements regarding pricing.

Customization

1 year Warranty on all styles. Items returned beyond 1 year will be evaluated and charged accordingly. We are not responsible for shipping charges related to returns.

We suggest a weight limit of 300 lbs on all our chairs. We are not responsible for accidents.

To the owners of solid wood furniture, to keep your furniture from cracking or the joints from pulling apart, you must maintain between forty five and fity percent humidity three hundred sixty-five days a year. This will minimize damage whether in your house, garage, basement or in storage. Humidity gauges can be purchased at your local hardware store. Also, never set your furniture close to a heat register or in direct sunlight.

Prices are subject to change without notice. Although Brookside Wood Products Ltd. makes every reasonable effort to ensure the accuracy of the information printed in this catalogue, Brookside is not responsible for omissions, typographical errors, or any misstatements regarding pricing.

Customization

1 year Warranty on all styles. Items returned beyond 1 year will be evaluated and charged accordingly. We are not responsible for shipping charges related to returns.

We suggest a weight limit of 300 lbs on all our chairs. We are not responsible for accidents.

To the owners of solid wood furniture, to keep your furniture from cracking or the joints from pulling apart, you must maintain between forty five and fity percent humidity three hundred sixty-five days a year. This will minimize damage whether in your house, garage, basement or in storage. Humidity gauges can be purchased at your local hardware store. Also, never set your furniture close to a heat register or in direct sunlight.

Prices are subject to change without notice. Although Brookside Wood Products Ltd. makes every reasonable effort to ensure the accuracy of the information printed in this catalogue, Brookside is not responsible for omissions, typographical errors, or any misstatements regarding pricing.
