MARK UP

1. Only change the box indicated as "MARKUP." Changing other areas may disable formulas and/or damage workbook!

3. Once the markup is entered it is recommended that the sheets be printed individually

4. Please contact us immediately if any section of this spreadsheet does not function properly.

5. Note that a "0%" markup percentage reflects our prices. "100%"doubles our prices, 200% triples our prices, etc.

6. A set dollar amount can be added to all prices by entering the amount in the box below "$ Amount to add to Mark Up"

6. Options are not setup to calculate with your markup. These must be calculated separately.

7. Buss Wodcraft does not warrant the accuracy or formularization of this spreadsheet. User assumes all liability.

8. Options in margins and in text do not change. You must change these manually.

All prices are subject to change without notice. Prices are effective February, 2026
